# ABOUT NCA NETWORK

**NCA Network** is a community of Internationally Trained Lawyers (ITLs) based in Ontario. Our mission is to support ITLs as they navigate the accreditation process, access mentorship opportunities, expand their professional networks, and better integrate into the Canadian legal landscape.

We have a robust network of ITLs at various stages in their careers – current and recent NCA candidates, articling students, practicing lawyers, partners and owners. Year after year, this community continues to grow, eager to meet other like-minded professionals who share the unique challenges of practicing law as an ITL.

In 2026, we are focused on deepening alumni engagement, sponsorship, and expanding opportunities for ITLs through our three core pillars: **Mentorship, Professional Development, and Community Engagement.**

# CAREER & NETWORKING SUMMIT

Our Career & Networking Summit debuted in 2024 to outstanding success, bringing together ITLs, students, and industry professionals for a day of learning and connection. Building on that momentum, our 2025 Summit surpassed expectations with even more speakers, mentors, and networking opportunities.

## WHY SPONSOR?

The Summit allows sponsors to gain direct exposure to emerging legal talent, align your brand with leadership and inclusion, and connect with professionals shaping the future of law in Canada.
